Paul Mitchell The School Spokane

COSMETOLOGY COURSE INFORMATION

COSMETOLOGY COURSE DESCRIPTION

Standard Occupational Classification (SOC) 39-5012.00
Classification of Instructional Programs (CIP) Code 12.0401

The curriculum involves 1600 hours to satisfy Washington state requirements. The course includes extensive instruction and practical experience in cutting, hair coloring, perming, customer service, personal appearance and hygiene, personal motivation and development, retail skills, business ethics, sanitation, state laws and regulations, salon-type administration, and job interviewing.

****Graduates are prepared to be an entry level cosmetologist.***
This course is taught in English. Textbooks and course materials are only offered in the English language.

COSMETOLOGY COURSE OVERVIEW

Course Hours: 1600 clock hours

The course is divided into pre-clinical classroom instruction and clinic classroom learning experiences.

- **Pre-Clinical Classroom Instruction:** The first 210 hours are devoted to pre-clinical classroom instruction where Future Professionals develop foundational knowledge and practical skills through classroom workshops, demonstrations, theory instruction, and guided practice. Instruction emphasizes design principles, technical procedures, safety and sanitation, professional conduct, and readiness for supervised services.
- **Clinic Classroom Learning Experience:** Future Professionals apply classroom learning through supervised practical instruction and guest services. With coaching and guidance from Learning Leaders, they refine technical skills, consultation and communication, guest experience, product recommendations, and professional work habits. Learning continues through mini-classes, feedback, and structured practice.
- **Distance Education Learning Experience**: A student enrolled in a program with distance education may earn up to 25% of the program's total clock hours through distance education.

COSMETOLOGY COURSE OUTLINE

- **Core Curriculum:** The Core Curriculum introduces the foundational principles and skills of the program through theory instruction, demonstrations, and hands-on practice. Future Professionals build essential technical knowledge, safety and sanitation practices, client care, and professional habits. Learning Leaders monitor progress, and learning is evaluated through written, oral, and practical methods, as applicable. Completing Core successfully prepares students for the next phase of their education, including supervised clinic classroom experiences.
- **Protégé Learning Experience:** The Protégé Learning Experience supports the transition from Core into the Adaptive Curriculum and clinic classroom learning. Future Professionals continue guided practice, strengthen service readiness, and prepare to apply their skills in supervised guest experiences.
- **Clinic Classroom Learning Experience:** In the clinic classroom, Future Professionals provide services to guests under Learning Leader supervision. They keep learning and reinforce classroom instruction through coaching, mini-classes, practical worksheets, and progress evaluations. They practice consultations, service planning, technical proficiency, guest communication, sanitation and safety, and professional service habits.

- **Classroom Learning Experience:** Classroom education throughout the program includes cutting, coloring, texture, makeup, skin, and nails. Instruction combines theory, demonstrations, and practical application. Additional learning opportunities may address retailing and product knowledge, communication, professional development, motivation, and career readiness, facilitated by appropriate school team members or guest artists.
- **Adaptive Phase:** During the Adaptive phase, Future Professionals expand their knowledge through specialty classroom instruction and progressively challenging practical work. They continue developing technical consistency, problem-solving, guest service, confidence, and professionalism, with feedback and assessments supporting their progress.
- **Creative Phase:** The Creative phase focuses on refining technical and professional abilities as Future Professionals prepare to enter the industry. They apply artistic judgment, strengthen independence and accountability, and practice the standards of guest experience, teamwork, and professional conduct expected in a salon environment, with continued Learning Leader guidance.

COSMETOLOGY COURSE SUBJECTS

The instructional program of Paul Mitchell The School Spokane meets or exceeds the state requirements. The following subjects are taught within the brick & mortar program and the hybrid program:

Subject	Practical Application	Theory Hours
1. Shampooing, including draping, brushing, scalp manipulations, conditioning, and rinsing	20	20
2. Hair cutting and trimming, including scissor, razor, thinning shears, and clippers	80	150
3. Hair styling, including wet, dry, and thermal styling; braiding; and styling aids	240	100
4. Hair and scalp analysis and treatment	10	10
5. Manicuring and pedicuring: at least 100 hours of skill in the application of manicuring and pedicuring	20	100

10. Sanitation, including disinfecting the work station, equipment, and tools, and proper storage of linens	10	5
11. Permanent waving, including sectioning, wrapping, pre-perm test curl, solution application, processing test curl, and neutralizing	50	140
12. Hair coloring and bleaching, including predisposition test and strand test, and measurement, mixing, application, and removal of chemicals	80	140
13. First aid as it relates to cosmetology, barbering, manicuring, and esthetic application	0	5
14. Safety, including proper use and storage of chemicals, implements and electrical appliances	0	5
15. Diseases and disorders of the scalp, hair, and nails	0	5
16. Additional hours	170	5
TOTAL HOURS	**760**	**840**

The institution offers employment assistance to help graduates' efforts to secure education-related employment that includes, but is not limited to training in professionalism, resume' development, job interview preparation and job search skills.

NOTE: No more than 25% of skills training can be done on mannequins.

Distance Education hours and assignments are graded and recorded daily. Theory chapter exams, final exams and final practical evaluations must completed in the school facility.

The Distance Education portion of the program is not offered at this time.

COSMETOLOGY PROGRAM TESTING AND GRADING PROCEDURE

The following tests and grading procedures are used to assess student learning and mastery of course content in the 1600-hour course:

1. **Academic theory exams**: Students must receive a grade of 75% or higher on each assigned theory exam. Exams are completed at the conclusion of each online theory module. Depending on the length of the distance education module, theory exams will occur weekly or bi-monthly. The theory exams will evaluate the student's academic performance for each subject of the distance education curriculum.
2. **Core written and practical skills evaluation**: Students must receive a grade of 75% or higher on each written exam and each practical skill exam in order to complete the Core program. The exams are an overview of instruction taught during the Core schedule. All Core written and practical skill exams must be passed with a 75% in order to transition to the Clinic Classroom. If students are unable to pass each exam after two attempts, the student may be asked to withdraw from the program and re-enroll in the next available Core class start date. The core written and practical skills evaluation must be completed within the school facility and cannot be taken through distance education.
3. **Final exam 1 (approximately 1000-hour written test)**: This test covers an overview of all related cosmetology subjects (e.g., anatomy, chemistry, etc.). Students must receive a grade of 75% or higher on all final exams. Final Exam 1 must be completed within the school facility and cannot be taken through distance education.
4. **Final exam 2 (approximately 1400-hour written test)**: The written exam covers an overview of all theory instruction and other items covered on the state cosmetology exam. Students must receive a grade of 75% or higher on all final exams. Final Exam 2 must be completed within the school facility and cannot be taken through distance education.
5. **Clinic Practical Skill Assessments**: Future Professionals progress in practical skill assessments and theory hours will be digitally monitored on a weekly basis by the Future Professional Advisor using the Edular app. All assigned practical skill assessments must be completed in order to complete the program.
6. **Distance education assessments:** Students must complete a distance education written assessment and practical skill assessment. These are based on performance and must be completed on-campus each month. The distance education assessment will focus on the distance education subjects covered during that time period. Students must receive a grade of 75% or higher on each distance education written assessment and each practical skill assessment. Only students enrolled in the distance education program are required to complete these assessments.

COSMETOLOGY INSTRUCTIONAL TECHNIQUES AND METHODS

The programs are provided through a sequential set of learning steps which address specific tasks necessary for State Board preparation, graduation and job entry level skills. Clinic equipment, implements and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative and productive career oriented activities. The course is presented through well-developed lesson plans that reflect the latest educational methods. Subjects are presented by means of lecture, demonstration, distance education, and student participation. Audio-visual aids, guest speakers, field trips, and other related learning methods are used in the course.

In order to enroll in the hybrid program of study, the Future Professional must have the following hardware, software, and network requirements:

- Apple iPad
- 2 mbps up and 6 mbps down
- Pivot Point
- Safari
- Zoom
